PMA Expands Bond Proceeds Management to West Coast

Chicago – November 1, 2010 – PMA Financial Network, Inc. and PMA Securities, Inc. (collectively “PMA”)—leading provider of investment pool administration, financial advisory services and fixed rate investment services to public entities—announced it will provide investment and arbitrage services related to construction bond proceeds for Southwestern College in Chula Vista, California.

“This is an exciting set of projects for Southwestern College. PMA is grateful for the opportunity to be a part of the effort to expand the College’s services and we are looking forward to the direct impact it will have on the education of the College’s students and the betterment of the surrounding community,” said Mike English, president of PMA Financial Network, Inc.

PMA’s Bond Proceeds Management Program (PMA BPM™) complements a public entity’s construction phase through a comprehensive investment and arbitrage management program that seeks to maximize interest earnings while complying with arbitrage and IRS regulations, existing policies and state and federal statutes. PMA began managing bond proceeds on behalf of Illinois public entities in 1995 and has administered over \$11 billion since the program’s inception. The agreement between SWC and PMA cultivates a growing PMA presence within the state of California and throughout the U.S.
